"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. This game has so much potential, but in its current state I can only say this about the game... "It had promise."",

In March 2021, United Pixelworkers announced that in addition to adding new features and content to "Coins & Curses 2" such as a higher level cap and additional cards, they were also working on a PC version of the game titled "Coins & Curses Adventure". This title will be an "RPG style" adventure game based around a similar theme.",

You are able to unlock new levels by reaching certain levels of XP (experience points), with these levels being effectively allowing you to bank more fish (which cost 1 coin each), and spinning more wheels at one time. There are also achievements which can be unlocked. The achievements can range from getting a certain number of fish to completing a mini game with a certain amount of coins in the time limit. The achievement badges you earn contribute to your level, which is displayed next to your name and player ID on the stats page, and contributes 20 XP per badge. You also receive some XP each time you bank fish or spin a wheel. You are awarded coins based on how many XP you have gained throughout playing the game which can vary from 2-10 gold coins per 100XP depending on how much XP you gained that day.",

It's okay by Girl.xox on 2021/12/28 20:47 This game is extremely addicting and fun. It's just too bad that there are ads all over the place, along with the fact that you can only play 1 game at a time instead of being able to play multiple games concurrently. Way too many ads and it takes too long for me to get through each one. I'd give it a five star rating if it didn't have so many annoying ads and you could play more than 1 at a time.",

The developer of Coin Master has revealed that he is working on a "new" mobile game which is not based on any of their previously announced titles. However, a few news outlets have reported that this game is actually "Coin Master 4". This version will also include brand new characters and gameplay elements as well as updated graphics and sound as the development team seeks to keep the spirit of the original games intact.",

Loving it by Mrs_Dew101 on 2021/07/22 05:18 I wish that I had this game when I was in middle school and they used to make you wait to play all day instead of letting you play the game that you have on you phone. So this game has helped me a lot and I am loving it! And the diamonds are super useful and can help with building up my bakery. The only thing is that sometimes the game doesnâ€™t show me what I am supposed to be doing. I try to click a diamond and nothing happens. And then when I go on the internet and check my bakery it shows without me even buying anything! It has happened with so many things like clicking something to take a screenshot and then when I open the app it doesnâ€™t take anything of what you should have clicked but instead just shows what you already have on your phone! So please fix that so more people can enjoy this game. Thank you!",

The user review for Coin Master: Puss in Boots is composed of 1.0 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 2.0 out of 5 stars (out of 3 votes).",

Good but... by minecraftgirl_2021 on 2021/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins arenâ€™t cheap at all. I donâ€™t mind watching ads for getting coins and what not but I donâ€™t do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when Iâ€™m clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they donâ€™t even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I donâ€™t know what it is but Iâ€™ve been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the â€œGreatest Hitsâ€• feature but you donâ€™t get any more coins or like any more credit for using that feature. Itâ€™s just a wasted ability.",

The game has received multiple awards and honors from independent media publications including being awarded "App of the Month" on TouchArcade in June 2021 as well as receiving the "Best Game for Kids" award at the 2021 TMO App Awards. It has also been nominated for multiple awards from leagues such as The GBA Awards in the Best Gameplay, Best Social Game category and was named one of â€œAmericaâ€™s Top iOS Gamesâ€• by Mashable in November 2021.",

Great App by Jack'sMommy on 2021/10/27 20:09 I love playing this game. The only problem is that sometimes the time runs out before I get a chance to choose all the words I can find. Maybe you could add a more relaxed mode where you don't have to worry about time, just play until you've found all the words in the puzzle. Other than that, it's a great game!",

"If you have been looking for the best way to have fun with coin master free spins and unlimited coins, Coin Master Puss in Boots Hack MOD APK is one of the best tools available on the internet. Download it now to enjoy unlimited amount of coins and free spins that will last for hours." This is one of the best games ever. The graphics are great, the soundtrack is good and I really like how it uses my location to make the levels more interesting. The only problem with this game is that although, it's a free app...it's not actually. You can't get far without having to spend a lot of your real money on extra lives and coins. Even though you can earn free lives by watching videos or playing other games, it's still not enough unless you buy some more which cost actual money. That's why it's not really free, but it was a great game while I could play it. "Greatest game ever! I love this game because you can play with your friends in any place and this is a best game." "I really loved this game! It is simple and so much fun to play. My favorite part about the game is making alliances with other players and working together to defeat bosses. But there are some issues with the app... right now, I am stuck inside of a picture puzzle that will not let me continue. I have deleted and reloaded the app many times but nothing has helped. If I can't get out of the puzzle, I will have to delete the game. Also, many other players have told me that they wish there were a way to get better armor without having to pay real money. Overall though, this is still one of my favorite games and I don't want to delete it." But you did... so what do you do? Delete it. This is a game that has enormous potential. However, when your goal is to collect spins and the more you play, the less spins you get...there's a problem. Without paying real money, it takes forever to level up. If the developers would get rid of the need for real money to enjoy this game, they would make a lot more fans and earn more of that currency than they already are... real money. If I was developing this game, I'd make it fun for those who aren't going to pay for extra lives or coins and find ways to build loyalty with your fans instead of constantly making them feel like a cash cow walking into a slaughterhouse. This game has so much potential, but in its current state I can only say this about the game... "It had promise."",

The game was released on September 13th, 2021 after more than three years in development. The mobile version has been downloaded over 1 million times since it's initial release and the PC versions were downloaded over a million times. Due to the lengthy development cycle of this title and the popularity of the original "Coins & Curses" game United Pixelworkers is planning to release a sequel to this title before April 2021.",

Moon Active's " Coin Master " series has been translated into different languages due to its open source nature. Coin Master: Space Invaders has received a tiered rating of 4.8 out of 5 stars (out of 7 votes), with a user review stating that " Coin Master: Space Invaders is a great game, well worth the full price" while describing it as "The original coin master (with) a few twists". After releasing Coin Master in 2021, Moon Active has continued to release improved versions in different languages and formats.",

Fun but laggy by AaliyahHuggs on 2021/03/09 21:50 To start the most annoying thing in this game is how slow everything loads and how long you have to wait for everything to come! The game keeps freezing and lagging and i really dislike that. Itâ€™s so frustrating when it lags and you canâ€™t do anything. It makes me delete the app. Also the amount of coins you get from spinning is way to low! It takes a lot of time just to get that much! Overall itâ€™s a fun game but it needs some fix ups. ðŸ¤·ðŸ•¼â€•â™€ï¸•ðŸ¤¦ðŸ•»â€•â™€ï¸•",

Coin master currently has a 4.5 star rating on Google play with over 8,000 reviews, and a 3.5 star rating on the iOS app store with almost 2,000 ratings. This is probably due to the fact that while this game is not the most addictive or fun around, it definitely is a good game to pass time with if you have nothing else to do. The graphics are nice and colorful and the concept of going from island to island collecting treasure along with your pet fish is unique compared to other games out there. I also enjoyed how there were achievements and collectables you could purchase at certain levels which allowed you to work toward achieving something special in the game as well as progress through it more easily. Besides that, I feel like this game is definitely worth a download and worth 5 dollars to unlock all of the cool stuff, but as it is right now I wouldnâ€™t recommend it. Good Summary Coin master is fun to play, but not nearly as addictive as other games out there. Worth it if you love price charts and achievements, otherwise try other games first.",

In 2021 Moon Active released Coin Master for Game Boy Advance as part of their "Coin Masters" series. In this version of the game the player is presented with several flat screens and tasked with maneuvering 14 coins through each screen. Like the original Coin Master, once a coin reaches the exit door, that screen will be cleared of coins and new ones will begin. In addition to this time-based gameplay element, completing certain tasks with each level can unlock a variety of power-ups including 4 different types of bombs that can be used to clear out large areas of coins. Unlike its Game Boy Advance predecessor, this version was released only in Japan.",
