Great App by Jack'sMommy on 2021/10/27 20:09 I love playing this game. The only problem is that sometimes the time runs out before I get a chance to choose all the words I can find. Maybe you could add a more relaxed mode where you don't have to worry about time, just play until you've found all the words in the puzzle. Other than that, it's a great game!",

Coin Master was generally received well by reviewers. Some praised the concept, artwork and its ability to provide both entertainment and nostalgia. Joystiq referred to it as a "trippy looking game" in their review. This sentiment was echoed by Gametrailers who referred to it as "unique". Other critics felt it was too similar to other games, especially "Tetris" and its clones, which were described as being overplayed in general.",

"I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another

game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways.""

Some users have also criticized the game for not being as user friendly as other games. The developer justifies this by saying that they don't believe in making their game overly simplistic, but do plan to release more tutorials. It was also stated that the game does not include any missions or goals outside of getting coins and killing enemies. However, the developer states that he is working on adding goals into the future.",

Great game by Coolmomof2 on 2021/04/25 18:50 This is an awesome word game! It is just like any other word game out there except for one thing. You can play multiple word games at a time. I like that because it doesn't make you feel like you have to stop playing just to start another game. It is my favorite word game right now. I love it!",

Good but annoying by Mudda on 2021/04/04 20:05 I really like this game except for

the fact that there are ads every time you do anything. You can also only have one game completed at a time otherwise if you put it down to go do something else and come back you have to start all over with your puzzles again. Great concept but needs some work because I had to delete this app because of the ads, which is very unfortunate because this is one of the only good word games out there.",

I'm almost broke by Don't get this game on 2021/03/25 18:10 You need to earn coins from spinning the wheel and games but it takes up all of your energy and then gives you 1 coin per fish. So you have to buy more energy with the coins you've already earned just so you can earn more coins. How many levels are there? Who knows because it gives you no way of knowing besides having to look at every level on your own. I've played this game for a few months now and I'm already broke. I've had to start putting coins inside my code so the game will pay out at the end of the month/week because otherwise you won't make it. How do I know? Because after I put in my code, the game pays me what it owes me but then takes money from me when it's trying to be nice and give me a level up bonus or an extra spin or whatever. If you want to spend money then don't play this game because there is no other way to get money easily without spending your own rubies/coins on extra energy. I also don't know how people are buying the "Chat with friends" thing. I have never gotten it to work and I have several friends who also play. So it makes you spend money just to talk to your friends even though you can't even talk to them for free using the in-game chat.",
