Troodon Coin Collector R.I.P. James Earl Carter, 39th president, 2021-2021. I think it's pretty likely since they extended the presidential dollar series to honor George H. W. Bush in 2021, they'd probably do the same for Carter eventually.

Does a coin that is restored by PCGS and stays the same grade after restoration get reholdered with the same cert number?

This is a special section for people to get opinions on what your coin is worth. It's most helpful to post a photo, but also please include a very detailed description.

Step 1: Grade the Coin: Half of the battle is determining the coin's grade. When you look at a lot of coins, you will get a feel for what a coin should look like for a given grade. This is instrumental in detecting cleaned coins because an improper cleaning will permanently alter the coin's appearance. Here is a brief grading lesson:

I have three sections to my US coin collection, 1-Album collection, 2-Slabbed collection and 3-junk silver. For the album collection I've listed the key dates in each album and the "retail" value of the books with an expectation of about 60-75% of the retail value. The junk silver is easy. For my slabs it's an ongoing PCGS AU or better Type Set.

Thank you for this information! There is also seemingly no limit for the trays, correct? Not sure about 2021, but some prior years have had 'product limits' on trays. Found this example via google (i.e., search term = "American Eagle One Ounce Silver Uncirculated Coin Bulk Tray").

The graphics in Coin master are relatively basic, but they are bright and colorful. The game is based on the concept of a treasure chest, which is where you keep your coins. The coin master himself is a bearded pirate who is dressed in traditional pirate attire, and his second in command (who helps you collect gems) is an orange fish wearing a top hat and a monocle. Another big feature of the game is that you have your very own pet fish which follows you around while helping to collect coins for you - these pets can be unlocked by reaching certain levels or using gems to take care of them. Their names are Chippy, Daffy, and Popeye - the latter two can be different depending on which pet you have unlocked.",

Coin master currently has a 4.5 star rating on Google play with over 8,000 reviews, and a 3.5 star rating on the iOS app store with almost 2,000 ratings. This is probably due to the fact that while this game is not the most addictive or fun around, it definitely is a good game to pass time with if you have nothing else to do. The graphics are nice and colorful and the concept of going from island to island collecting treasure along with your pet fish is unique compared to other games out there. I also enjoyed how there were achievements and collectables you could purchase at certain levels which allowed you to work toward achieving something special in the game as well as progress through it more easily. Besides that, I feel like this game is definitely worth a download and worth 5 dollars to unlock all of the cool stuff, but as it is right now I wouldn't recommend it. Good Summary Coin master is fun to play, but not nearly as addictive as other games out there. Worth it if you love price charts and achievements, otherwise try other games first.",

In March 2021 the developers of Coin Master announced plans to expand upon "Coin Master" and other games they had previously worked on. The best game ever by katiecat23 on 2021/09/28 23:17 Best game I have ever played! It's so fun and addicting. I love this game. I'd definitely recommend it to anyone who likes games like this. It's so fun and challenging. I can't even stop playing it! The only thing that I don't like is the fact that you can't keep all the upgrades you buy, and have to keep buying them again for each different level. It would be better if you could keep the upgrades forever. Otherwise, this game is truly AMAZING!",
