Roblox is governed by a global moderation team, consisting of volunteers and employees. Moderators monitor Roblox for inappropriate content like violence, nudity, profanity and copyright infringement. Moderators have the ability to mute, ban, or delete users from a game. Players can also report other players for inappropriate behaviour. In addition, moderators are expected to help players in need with moderation and issue resolution.

ROBLOX has banned thousands of accounts, usually for viral videos made by "trolls" or people who want to annoy other users/admins. Most of the bans these users receive are handed out by administrators but every once in a while a user will get banned for a "troll" video or similar reason. Some are also apparently banned because they made potentially offensive comments in the chatbox, not for any type of post or action that breaks the TOS.

I guess that's one of the reasons why Minecraft is so popular; it's simple and easy to understand, because of things like having to collect resources to build things. If you see a home on something like Roblox and Minecraft, it's probably built out of random things a lot of people gave you; whereas in Minecraft there are actual blocks which you can use in the game itself.

Roblox allows its playerbase to make money through in-game ads. All the buttons can be clicked for additional clicks. The game also uses an in-game currency called ROBUX (Robotix) and replaces it with R\$ (Robux). There are many ways to earn these ROBUX, but the most efficient way is through the sale of items on the game marketplace or through microtransactions. However, your account will be flagged if you decide to do so.

Here is where things get a little confusing but stick with me for a second and I'll link things together for you. When you get Robux gems and tokens from winning games, there is no value in the items you receive. There is no way to spend those items on anything in this game because they don't have any value. You can't sell them, you can't trade them for anything, they don't have in game money attached to them,

etcetera.

They stated that users who are reported for breaking these rules will be put on a probationary moderation period, or P-mod. P-mods can say they had violated these rules for up to 72 hours. If the user continues to break the rules and continue breaking it after 72 hours, Roblox will issue a permanent ban for both the user and their account. The users who are in this moderation period will not be able to play Roblox games until 72 hours pass from when the user is released from the P-mod status.
