I don't really have an answer for you, but I'm sure this is a problem that other people have as well. I think the game needs to be made less serious because people will not want to spend money on fake money (robux) if they know there's no real value behind those items they purchased with their fake money. The best way to accomplish this would be to make hats, shirts, etcetera for gamers who spend more than a certain amount of money.

Robux (also known as Roblox) is the in-game currency of Minecraft:Roblox. It can be bought with real money, but in order to earn it, you have to do missions or purchase it with real money, which means that you are paying them for a fixed amount of time. Unfortunately for some players, they will be astounded by the fact that buying robux for roblox actually results in getting less than what you would get if you had done all these activities on your own. The amount of robux that you will get depends on how much stuff you buy and how many times you do a test.
